School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Principal Message

Welcome to Elk Hills Elementary School. Our motto is "Where Kids Come First!" Elk Hills School is a small K–8 school with a population of approximately 180 students during the 2017-18 school year. Our school colors are hunter green, black, and white. We are proud to call ourselves Elks as we strive for excellence every day!

Our small-school setting allows for reduced class sizes and individualized attention for our students. Our students participate in academic, athletic, and social events with other small schools throughout the school year. In addition, all students participate in a variety of grade-level appropriate field trips. Each year we visit a university to support the concept that education is important and all students can obtain success and attend college or other high-level training in their chosen field if they apply themselves.

In 2017-18, our staff consisted of nine full-time teachers who instructed K-8 grade level classes, a special education teacher/Teacher in Charge, and a superintendent. Additionally, we had a classified support staff including a school secretary; a food services manager; a maintenance, operations, and transportation supervisor; five instructional aides; one school custodian; food service aide and several certificated and classified substitutes.

Please come and visit our school! We always welcome visitors, parents, and community members and new volunteers.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: 9/1/2017

We choose our textbooks from lists that have already been approved by state education officials. For a list of some of the textbooks we use at our school, see the Data Almanac that accompanies this report.

We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This online report shows whether we had a textbook for each student in each core course during the 204-15 school year and whether those textbooks covered the California Content Standards.

School Facility Conditions and Planned Improvements

In 2009, Elk Hills School completed the extensive part of the modernization bond project. The renovated buildings included the auditorium, all current classrooms in use, library, computer lab, administration, teacher’s lounge, staff and student rest rooms, cafeteria, and gymnasium. The project was funded by a bond measure as well as funds from the Office of Public School Construction. During the summer of 2011-2012, modernization of our roofs began and the project was complete by the start of the 2012–2013 school year. We have no current projects started at this time.

We have one full-time maintenance, operations, and transport supervisor, and a part-time custodian who keep our facilities clean. Each classroom, the rest rooms, and the cafeteria are cleaned every day. District maintenance staff members pick up litter, remove graffiti, and maintain the landscaping weekly.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	21	N/A	21	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

We have many ways for parents to participate in their student’s life at our school, and we depend on parents to keep our programs running smoothly. Parents can join our Parent Teacher Organization and School Site Council, which work with administrators and teachers to help make school-wide decisions. Room parents organize our parent volunteers to help in the classroom and chaperone on field trips. We participate in several small-school and sporting activities. Each January we host the small schools basketball tournament and many parents are needed. The parent group also organizes and volunteers for our school fund-raising activities such as popcorn sales and Fall/Spring Festivals. We ask all parents to attend Back-to-School Night in the fall, Open House in the spring, and parent-teacher conferences in November and March. We always welcome new volunteers!

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	2.3	3.3	2.3	3.3	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions			2.5
Expulsions			0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Staff members monitor the school grounds before, during, and after school as well as at recess and lunchtime. We provide everyone who is responsible for supervising students with a campus radio during their duty. Buses are equipped with radio communication as well. Teachers regularly review the rules for safe, responsible behavior in school and on the playground.

We have a closed campus that is fully fenced. Visitors must enter the school through the entrance gate. All campus visitors must sign in at the office, where they are issued a badge to wear throughout their stay.

We revise our School Safety Plan regularly. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We share the plan with staff and make it available for parents. We conduct fire drills monthly and earthquake drills yearly. We also participate in the countywide emergency drill. In addition, our bus drivers are fully certified in current first aid and CPR practices.

We are in close communication with the local sheriff, fire departments, and ambulance services to better prepare for an emergency response. In addition to local government agencies, we are connected with the CCR Reserve emergency services department to give additional support to our campus in the event of an emergency.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Professional Development (Most Recent Three Years)

Our teachers attend three days of staff training before school begins in August and up to three days during the school year as needed. These days are devoted to aligning our curriculum to the Common Core Standards, learning how to analyze standardized test results, exploring techniques for creating constructive classroom environments, and discussing the latest research in Common Core and child development and its application to our school.
